

**We're experts in
bringing your
workplace to life**

NOTHING COMPARES TO BREWHUB

Workplace experience

is a term that has only recently found widespread adoption, but to us, it's always communicated the point that BrewHub is about more than just 'coffee experiences'.

It's the term that has helped us articulate 'what it is that we do' because nobody else does things quite the way we do.

**When we say we offer
'coffee' experiences
for workplace hubs,
something many
companies are
looking for, we
include so much more.**

**We help our clients
create opportunities
for communication,
connection and
collaboration in
workspaces of all
shapes and sizes,
right across Australia.**

This is how we do it

**Milk, milk alternatives
and fresh coffee beans
- delivered daily by our
own fleet of BrewHub
drivers, direct from our
warehouses in all major
Australian cities.**

**Market fresh fruit -
hand selected and
delivered direct to
your hubs. That means
there's always something
ripe, healthy and
appetizing to welcome
visitors and staff.**

**A customised selection
of all-day snacks on hand
to power your team
through the day.
No waste, no mess,
no packaging,
no hangry meetings.**

The friendly BrewHub Valets work in your workplace to make sure staff hubs are always ready for you to welcome visitors with a beverage or snack in a clean, fully stocked hub.

You can eliminate plastic bottles and keep your team hydrated with an endless supply of filtered still and sparkling water on tap.

We keep your hub running smoothly with remote monitoring and proactive maintenance of machines. We boast an unparalleled 99% availability on all our coffee machines.

It's all about creating a flexible, fully integrated **workplace experience that helps your team to connect, collaborate and share ideas.**

Are we what you're looking for?

Our services are individually tailored for each of our clients and their workspaces. Reach out to see how we can help you.
